

Instructor, Electrical Trades
Electrical
School of Trades and
Technology

Posting: B17-13R	Closing Date: February 16, 2018
Position Type: Two (2) Continuing	Workload: Full-time
Start Date: April 1, 2018	

Camosun College values teaching excellence in its faculty and is committed to successful learning for its students. The School of Trades and Technology seeks applications to fill two full-time continuing instructor positions who will join a dynamic team of educators.

Our faculty includes experienced and trained electrical trades people and instructors, with a keen desire to teach and pass on their expertise to students learning and studying in their fields. Our instructors are critical partners in assuring quality educational experiences that prepare current and future trades' people for the ever growing opportunities in the electrical construction trades. They are committed to student success and guide students through the learning process, in a learner-centered environment.

Camosun College is a comprehensive community college located on the traditional territories of the Coast and Strait Salish peoples serving the people of the Greater Victoria Region of British Columbia. Guided by an inspiring strategic plan and administered by a professional community of talented faculty, staff and senior executives, Camosun enrolls 18,000 learners each year, including over 1,100 Indigenous students and 1,100 International students. The College has an operating budget of over \$123 million. Across two campuses, Camosun offers more than 160 certificate, diploma, and bachelor's degree programs in arts, sciences, business, health and human services, trades, technologies, sport education, Indigenous studies and adult upgrading. The College is committed to values of relationship with community, inclusiveness, and respect. As a community, we commit to the process of Indigenization of the college – including both programs and services - and to use this learning to improve the learning experiences for the exceptionally diverse range of student needs and backgrounds present within the Camosun community supporting the commitment to lifelong learning and positive student experiences. Candidates should demonstrate a commitment to learning, teaching and student success through ongoing professional development and currency in their field. The successful candidate will be expected, over time, to deliver the four years of electrical apprenticeship training.

The successful candidate is expected to:

- Demonstrate a commitment to the scholarship of teaching; and actively participate in a learning centered college environment while promoting excellence in program discipline
- Plan, organize & evaluate teaching approaches and outcomes to maximize student learning
- Demonstrate a commitment to current and trending philosophies and practices
- Participate in professional activities that contribute to the educational goals of the department, school and the College
- Contribute to program curriculum development processes
- Adhere to and demonstrate compliance with teaching related policies, procedures and protocols
- Serve on departmental, school and/or organizational committees
- Demonstrate excellence and respect in verbal and written communications
- Contribute to and cultivate collegial and collaborative work relationships
- Possess the skills and willingness to engage in peer level leadership assignments
- Capable of thriving in a BC post-secondary education setting that's welcoming and relevant to Indigenous learners and helping to prepare non-Indigenous students, graduates and employees to better understand, live alongside of, and work with Indigenous peoples.
- A commitment to sustainable practices within our environment and society
- Comfort and familiarity with Microsoft Office and educational technology

REQUIRED QUALIFICATIONS (The College will also consider an equivalent combination of education & experience)

- Electrician Interprovincial, Red Seal
- A minimum of 5 years' experience working in the industry as a certified journeyman electrician.
- A diverse industry experience including code work such as installation, maintenance and repair of electrical equipment
- A minimum of one year teaching, coaching, mentoring or other leadership experience

Completion of or enrollment in the Instructors Diploma Program considered an asset

Salary is commensurate with education and experience as per the collective agreement.
