Note(s): 2 positions

Applications for this posting will be accepted from current employees and the general public who meet the minimum qualifications of the job. Regular employees as defined in the CUPE Collective Agreement shall be considered prior to all others.

GENERAL STATEMENT

Under the direction of the supervisor, this position provides assistance to students, in support of the instructor, during labs or in the field in the use of software and/or other tools/instruments commonly used in the relevant technology program.

Note: Departments (programs) supported by this job description include: civil engineering, computer science, electronics & computer engineering, and communications.

TYPICAL DUTIES

In support of the instructor, during practical classes, which may include field activities, and during open lab time:

- assists students by answering basic questions and demonstrating the use of commonly used and program-specific specialized software packages and/or equipment/tools
- demonstrates safe procedures in the lab/field as well as the safe use of hand tools, machine tools as required
- assists students during field work, eg: surveying tasks; use of various types of tools, instruments, and equipment
- assists students with problem-solving, as applicable, programming complexities and other discipline-specific lab tasks
- prepares equipment for labs; and when directed for field activities
- performs other related duties similar in scope and complexity.

QUALIFICATIONS

Two year diploma in the applicable program and 4 months' experience, or an equivalent combination of education and experience. Ability to communicate and interact effectively with a range of students, faculty, and staff.

All interested candidates are encouraged to apply; to be considered for employment, applicants must meet the qualifications of the position and be eligible to work in Canada.

Apply online at www.camosun.ca/careers. We would like to thank everyone in advance for applying as only those selected for an interview will be contacted.
